

GOWRI SHANKAR CHINTHA

+91 7989009215 | chinthagowrishankar18@gmail.com | GitHub | Portfolio | LinkedIn
Dharmavaram, Andhra Pradesh

SUMMARY

Computer Science undergraduate with hands-on experience in AI/ML, Generative AI, and full-stack development. Skilled in building AI-powered applications using Hugging Face and Google AI models, with strong foundations in data structures, backend development, and problem solving. Passionate about developing intelligent and scalable software solutions.

EXPERIENCE

DeepInfinity AI – AI/ML Intern

May 2026 – Present | Remote

- Built and integrated AI-powered applications using Google AI models and Hugging Face models.
- Developed AI/ML pipelines for speech processing, text generation, and intelligent automation.
- Performed data preprocessing, model evaluation, and prompt engineering to improve AI model performance.
- Integrated AI models with Python, FastAPI, and REST APIs for scalable backend applications.

PROJECTS

Blockchain Based EHR System

- Built a blockchain-based EHR platform for secure and tamper-proof medical record management.
- Implemented authentication, encrypted data storage, and decentralized healthcare workflows.
- **Live Demo** | **GitHub Repository**

AI Interview Preparation Platform

- Developed an AI-powered platform for interview question generation and feedback analysis.
- Integrated responsive frontend design with intelligent AI-based interview assistance features.
- **Live Demo** | **GitHub Repository**

AI Resume Analyzer

- Built an AI-based resume analyzer providing ATS-focused resume evaluation and suggestions.
- **Live Demo** | **GitHub Repository**

Mini Social Media Platform

- Developed a full-stack social media platform with authentication, posts, and interactions.
- **Live Demo** | **GitHub Repository**

EDUCATION

JNTUA College of Engineering, Anantapur

B.Tech in Computer Science Engineering

2023 – Present

CGPA: 8.88

Sri Vasavi Junior College, Dharmavaram

Intermediate (12th Grade)

2021 – 2023

Score: 9.58

AP Model School, Dharmavaram

Secondary School Certificate

2021

Score: 9.7

SKILLS

- **Languages:** Python, Java, C++, JavaScript
- **AI/ML:** Machine Learning, Generative AI, Hugging Face, Google AI Models
- **Web:** HTML, CSS, React, Node.js, FastAPI, MySQL, PostgreSQL, MongoDB
- **Tools:** Git, GitHub, VS Code
- **Core:** DSA, OOP, DBMS, REST APIs

CERTIFICATIONS

- **Full Stack Web Development Internship Completion Certificate and LOR** [Verify Certificate](#)
- **Supervised Machine Learning:** – DeepLearning.AI & Stanford University (Coursera) [Verify Certificate](#)
- **Advanced Learning Algorithms** – DeepLearning.AI & Stanford University (Coursera) [Verify Certificate](#)

ACHIEVEMENTS

- Qualified GATE 2026 demonstrating strong problem-solving and computer science fundamentals.
- Successfully designed and delivered multiple end-to-end software projects with real-world impact.
